SENIOR SCHOOL NEWSLETTER

JANUARY 2015

Dear Parents, students and well wishers

“A new year is on the way and the possibilities are endless”. That is the adage we need to follow and grab every opportunity that comes our way. Our grade XII students are at the threshold of a great new beginning and we bid them a farewell with fond wishes that they achieve greater goals in life. We wish them well in all their future endeavours. .

In a first of its kind, Horlicks conducted Mission Exams—a student-driven initiative. Students from the seventh to the tenth grade attended this workshop. They were given invaluable tips on ways of increasing

their focus and attention. The students were also introduced to a few games to further enhance their concentration. The session proved especially beneficial to the tenth graders since their board exams are just around the corner. It was a highly interactive and informative session.

In our continued effort to make our children conversant with the various opportunities worldwide, K.K. Educational and Charitable Trust (KKECT), Bangalore, India and Virginia Commonwealth University School of Business (VCU – SB), Richmond, Virginia - USA

have jointly created an opportunity for bright and ambitious DPS students to gain knowledge and skills that are essential to compete and be successful in the new global economy. DPS students currently in 11th and 12th can now plan in advance to seamlessly continue their higher studies at VCU, USA.

Our students have always made us proud with their performance, be it academics or co- curricular activities. In the month of January , the Yoga department brought laurels to the school by securing the 1st and 2nd position at the National level and International levels.

As the month draws to an end students of grade X and XII are engrossed in preparing for the upcoming board exams while the teachers are leaving no stone unturned to get them perform to the best of their abilities. May God bless each of our children as they get ready to face the challenges in the world and reap the rewards of their hard work.

With Regards

Manju Balasubramanyam

Principal
