When life was a fairy-tale sung in a rhyme "

Dear Parents, Students and Well Wishers,

Children's day was celebrated across all segments of the school. Teachers put up shows for the children which were thoroughly enjoyed by them. Children's day is a celebration of innocence, of childhood and of everything that is nice and pure. Teachers talked to the students about great child right activists like Malala Yusuf. The students were encouraged to unleash the storehouse of talent and potential in them.

Motivational talks were held for the students in the senior segment by Col Sinha. Students were made aware of the unlimited power that they possessed to change the world and to be achievers in their own rights. Story telling sessions were held for students of the middle school. Students learnt the nuances of storytelling, using voice modulation, stress and intonation.
