

***Dear Parents and Well-wishers,***

Greetings from the DPS Family.

*"Love for your work and faith in your dreams, There is no force on earth that can shatter your dreams."*

*.....Dr A.P.J. Abdul Kalam.*

The month of November brought teachers and students back to their regular academic schedule after the grand celebrations of the Annual Day and the preparatory days preceding it. The weekly tests and pre-board exams being close, students were engrossed in preparing for the same. However along with the hectic curriculum of studies, the month also witnessed a pot-pourri of co-curricular activities. The students organised a 'Heritage Fest' focusing on the culture and heritage of South India. 18<sup>th</sup> November was celebrated as World Heritage Day.

**PARAMPARE**

Students had many opportunities to showcase their skills and go head to head with peers from other schools in various competitions, fests and in the sports field. A series of activities ranging from U-16 football matches, to Interact India Quiz and Sudoku Masters Championship saw our young students leading from the front and bringing laurels to the school.

The senior students proved their mettle by bagging awards in the Inter school fest 'Invictus' organised by our sister school DPS East Bangalore. A delegation of nine students of DPSBN made the school proud by being part of the prestigious Christ Junior College MUN and two students being members of the Executive Board of the Indian International MUN. These moments bring forth the values, and ethos inculcated in a child in DPSBN by the tireless efforts of the dedicated teachers and staff

FRENDIA 2014

As a part of our career guidance programme, the school organised a workshop with NDTV from 17<sup>h</sup> to 20<sup>th</sup> November for a hands-on training on 'camera and video editing software'. November is also the month which set the foundation for this year's Indo-French students exchange programme FRENDIA. This programme is in the fourth year since its inception and is a wonderful opportunity to take the learning of languages beyond the classroom while understanding more about the lifestyles and cultural aspects of both the countries. As our children take their initial steps into the global world, we aim to equip them with the knowledge and skills required to become responsible citizens and ready to take on responsibilities.

While we continue to strive to provide our students with an optimum environment for holistic development, we earnestly look forward to your kind support in changing our dreams to reality.

With Regards

Manju Balasubramanyam

Principal

DPS Bangalore North
