DEAR PARENTS, STUDENTS AND WELL WISHERS,

As the summer ends and the weather turns pleasant with gentle showers, we the staff and students at Dps-North too have geared up for another year of academic journey with lots of hopes and aspirations.

“The beginning is the most important part of any work, especially in the case of a young child for, that is the time at which the character is being formed and the desired impression is more readily taken.” - Plato.

Childhood is the reflection of man. At Dps-North, we ensure that apart from the academics, overall development of every child is taken care of through a variety of activities and programmes to inculcate the basic values and ethics that are required in moulding the future citizens.

THE ENVIRONMENT DAY

To understand the fragility of our environment and the threats posed to environment, promoting environmental awareness among the future citizens and preparing them to be key role players in this endeavour is very important. Celebrating June 5th, 'The World Environment Day' at our school campus is the first step in achieving this goal by inspiring the young learners.

INTERNATIONAL YOGA DAY

21st June, Sunday was celebrated as the First International Yoga Day. It was the initiative of the prime minister of India, Sri Narendra Modi that it was declared as the international yoga day by the US president and 117 countries voted in favour of it.

21 st of June was selected as IYD as it is the longest day and the shortest night as the sun move from the northern hemisphere into the southern hemisphere.

At DPSBN, we celebrated the IYD with students from the 2nd to the 5th standard. A special touch was added by including the parents along with their children to do yoga on that day.

The program included 6 suryanamaskaras, asanas given by the ministry of AYUSH, pranayama and meditation. It was followed by Jananeti which was a initiative by the principal, Manju mam. The vice principal and headmistress and teachers too were present and were active participants. Parents thoroughly enjoyed and took active part in the program.

Overall, the program was a grand success and created an effective platform to a healthy generation with fit bodies and composed minds.
