SENIOR SCHOOL NEWSLETTER

FEBRUARY 2015

**Dear Parents, students and well wishers,**

**‘EXCELLENCE IS AN ART WON BY TRAINING AND HABITUATION.  
EXCELLENCE, THEN, IS NOT AN ACT BUT A HABIT ‘**

As the academic session 2014-15 draws to an end, the final exams for all the classes are round the corner. Students are leaving no stones unturned to excel in academics. They are striving hard to prove their mettle through perseverance, hard work and dedication combined with the proper guidance of their teachers.

Our XI graders have completed their academic year and are all seriously geared up for the new academic session which begins on 2<sup>nd</sup> March.

“The Blessing Ceremony” for class X was a nostalgic occasion for teachers as well as students. We sincerely hope that each of them touch the zenith of success.

A visit to the ‘The Aero India Show ‘ provided the much needed break from the hectic academic schedule to the students of grade X. They were amazed to watch the skillful presentation by the pilots ruling over the sky in their aircrafts.

Along with academics, the month of February also witnessed a number of activities where the students were provided with an opportunity to excel in co - curricular areas.

‘Kaleidoscope’ for seniors was organized on the 12<sup>th</sup> of this month to showcase their talents through different hobbies like Dance, Yoga, Sign Language, Bi-Box, Music etc

We are proud to be associated with SPIC MACAY, which aims to inculcate understanding and appreciation of various Indian and global cultures and art among students. A musical concert was organized at DPS BN on 2<sup>nd</sup> Feb. Musicians from Belgium, Mr. Mate Pozsar and Mr. Silzvester Miklos, enthralled the entire audience with their enchanting instrumental composition.

We, at DPS BN, have been persistently working on the health and wellbeing of our students and staff members. Our healthy practices have been acknowledged and appreciated by 'The Parikrama Address School Health Awards'. Our school was conferred with "The Best School Award" on 6<sup>th</sup> February for our commendable role in this endeavor

Our X and XII graders are taking their Board exams in March. My best wishes and prayers are always with them. Let me conclude with the inspiring words of Swami Vivekananda "Never lose faith in yourself; you can do anything in this universe. Never weaken; all power is yours."

With Regards
