“Teachers affect eternity; no one can tell where their influence stops “

Greetings to dear parents and patrons of the school.

We all agree that an effective teacher influences her student’s life positively. She recognises the heart behind the face that she sees every day. Not only does she impact a student’s learning and development but may even make a difference to what they become. Care and respect for students, help her in gaining credibility amongst them. It will not be wrong then to say that an effective teacher affects eternity.

August has been an eventful month; Independence Day was celebrated in the school, with students taking part in various competitions. It was heartening to see the students in patriotic fervour.

Students have been representing the school at various prestigious events and have done us proud. Paroma Raha and Isha Mahajan of class 10, were the deserving winners of VERBATTLE 2015. This is the second consecutive year that the school has won the title. It was indeed a proud moment for the school to get the rolling trophy.

Students from the MUN club participated in the Harvard Model United Nation from 12th to 16th August at Hyderabad. The prestigious meet saw student delegates from India and abroad debating on fair policies within the UN framework. Riddhi Rajan from class 12th won laurels for the school by winning the title of the best delegate.

To boost the speaking skills of its students and make them even better speakers, a workshop was conducted on 'Public Speaking Skills', for classes 7th to 12th. The workshop aimed at teaching the students the fine nuances of Public Speaking. The resource person gave valuable tips to aspiring debaters on how to hone their speaking skills. The workshop was conducted by IMG (Inter Mind Global), headed by avid debater and Munner, Ashwin Shanbaug.

To help students realise about their responsibilities towards the society, The Commerce Department organised a food fest, the proceedings of which was donated to “ Manna “, home for autistic children. It was a learning experience, wherein, students learnt to organise an event, manage funds and reallocate resources.

The department of English celebrated the Book Week from 10th to 14th of August. Many literary activities were conducted across segments. Children wrote poems and slogans. They made posters and also wrote and spoke about books that they have found inspiring.

The Yoga Department never fails to get a mention every month. Mousia Banu of class 7th secured the 6th position in the first year South India Level, Open Yogasana championship held at Chennai.

In continuation to what I had mentioned earlier, DPS, Bangalore North believes that the teacher plays a pivotal role in shaping the student’s life, hence we continuously encourage our teachers to be a part of professional development courses. We had the honour of hosting a 5 day workshop on ASL, conducted by CBSE and Trinity College, London. Teachers from Bangalore and outside Bangalore were a part of this workshop. The resource person was Mrs Eleanor Watts, faculty from Trinity College ,London

At DPS Bangalore North we strive for excellence, both in academics and co-curricular areas, to promote all-round development of our students. Parent’s cooperation and participation in achieving this is very important to us. I hope together we will work towards this.

Thank you!!

God Bless !!

Warm Regards
Manju Balsubramanyam
